DMDC serves under the Office of the Secretary of Defense (OUSD) to collate personnel, manpower, training, financial, and other data for the Department of Defense (DoD). This data catalogues the history of personnel in the military and their family for purposes of healthcare, retirement funding, and other administrative needs. The mission of DMDC can be summarized as follows:

- We collect and maintain an archive of automated manpower, personnel, training, and other databases for the Department of Defense
- We support the information requirements of the OUSD for Personnel & Readiness (P&R) and other members of the DoD manpower, personnel, and training communities with accurate, timely, and consistent data
- We operate DoD-wide personnel programs and conduct research and analysis as directed by the OUSD
